

INVITATION

March 18, 2010, Utrecht

Neural stem and progenitor cells: dissociation, isolation, and functional studies Neuroscience seminar

We cordially invite all neuroscientists to our upcoming seminar taking place at the Descartes Center in Utrecht on March 18, 2010. A full list of speakers and presentations can be found on the reverse of this invitation, with those interested in attending strongly advised to register as soon as possible.

To register or for further information please contact us using the details given overleaf. This seminar will be limited to 40 people, and we will acknowledge all replies with confirmation of a place either at the seminar or on the waiting list.

Program

9:00 Registration and welcome with tea and coffee

9:45 Opening of seminar

10:00 Start of morning session

MACS® Technology, products, and services

Richard Reijneke (Miltenyi Biotec BV)

Fast and efficient methods for neural tissue dissociation and cell isolation

Dr Rebecca Biloune (Miltenyi Biotec GmbH)

Neural stem cells in the adult human brain

Dr Elly Hol (Netherlands Institute for Neuroscience, Amsterdam, Dept. Cellular Quality Control)

Maturation defects of glial progenitors in vanishing white matter

Dr Ilja Boor (VUMC, Amsterdam, Dept. NCA)

12:00 Lunch

13:00 Afternoon session

Claw Paw meets the Adams family: The role of Lgi4 and ADAM22 in peripheral nerve development

Dr Dies Meijer (Erasmus MC, Rotterdam, Dept. Cell Biology and Genetics)

Stem cell-derived oligodendrocytes for remyelination

Dr Sjef Copray (UMCG, Groningen, Dept. Neuroscience)

The seminar will end around 14:30

Address:

Descartes Center, Matthias van Geuns building, 11th floor
Bolognelaan 48, 3584 CJ Utrecht, The Netherlands

The Descartes Center is located next to University Medical Center Utrecht and is easy to reach by public transport or car. Parking is available in the UMCU car park located next to the Descartes Center. Please note that use of the UMCU car park is not free.

Attendees can be reached by telephone during the seminar with the number: +31 (0)88 7558750
