New structure of the Miltenyi Biotec Group
Changes effective as of October 1, 2019

Dear Business Partners,

we want to inform you about forthcoming changes in the structure of the Miltenyi Biotec Group. These changes are in response to the extraordinary growth of our group of companies and to create the basis for a further successful and sustainable global expansion of all business segments.

In the course of a restructuring under the German Reorganization Act, we will, effective October 1, 2019, transfer the entire business of Miltenyi Biotec GmbH including all employees to its newly formed subsidiary Miltenyi Biotec B.V. & Co. KG with its registered office in Bergisch Gladbach. Following the completion of the hive down, Miltenyi Biotec B.V. & Co. KG will continue the entire business operations without a break. The ownership structure of the Miltenyi Biotec Group remains unchanged.

This purely formal restructuring has no effect on the existence or structure of our business and supply relationships. All existing contractual relationships are transferred to the new Miltenyi Biotec B.V. & Co. KG in the course of the spin-off with all rights and obligations in accordance with all applicable statutory regulations and contractual provisions. Your current contact persons at Miltenyi Biotec will remain unchanged under their existing contact details. Also, in the new structure the Miltenyi Biotec Group remains, as before, your reliable contractual partner.
